Wisconsin's trout producers reported \$1.46 million in trout sales during 2015, a 5 percent decrease from 2014. The value of trout distributed for restoration or conservation increased \$830,000 to \$2.84 million.

Sales of trout that were 12 inches and longer long totaled \$1.40 million, a less than 1 percent increase in value from 2014. The number of trout 12 inches or longer sold was 440,000, up 30,000 fish from 2014. Live weight of trout sold in this size category was 414,000 pounds, up 11,000 pounds compared to a year earlier. Producers received an average of \$3.38 per pound, down 8 cents from 2014.

Producers raising trout for sale lost 328,000 fish weighing a total of 66,000 pounds to various causes during 2015. The number of trout lost was 33,000 more than last year, while the total weight of the fish lost decreased 52,000 pounds.

UNITED STATES TROUT PRODUCTION

The total value of fish sales received by trout growers in the United States totaled 104 million dollars for 2015, an increase of 1 percent from 2014. Idaho accounted for 47 percent of the total value of fish sold.

The number of trout 12 inches and longer sold during 2015 totaled 45.4 million fish, down 6 percent from the previous year. The average price per pound was \$1.66, up 5 percent from 2014. The value of sales for the 2015 marketing year was 96.4 million dollars, up 1 percent from 2014. For trout 12 inches or longer, 58 percent were sold to processors.

The number of 6"- 12" trout sold during 2015 totaled 4.90 million fish, a decrease of 5 percent from 2014. The average price per pound was \$3.50 during 2015, up 6 percent from the 2014 price. The total value of sales was 6.42 million dollars during 2015, a 10 percent increase from the previous year. The major sales outlets for 6"-12" trout were for recreational stocking accounting for 48 percent of total sales, followed by government agencies with 22 percent.

The number of 1"- 6" trout sold during 2015 totaled 8.47 million, an increase of 1 percent from the previous year. The average value per 1,000 fish was \$181 during 2015, down from \$194 in 2014. The total value of sales was 1.53 million dollars, down 5 percent from last year's total.

Trout distributed for restoration, conservation, enhancement, or recreational purposes, primarily by State and Federal hatcheries, included 7.32 million 12" or longer fish, 67.0 million 6"- 12" fish, and 58.7 million 1"- 6" fish. The estimated value of fish distributed totaled 118 million dollars, up 5 percent from 2014.

Total losses of all trout intended for sale were 28.3 million fish during 2015. Disease accounted for 90 percent of these losses.
